TITLES

Adherence to a prophylactic medication regimen in patients with symptomatic versus asymptomatic ischemic heart disease. Carney RM, Freedland KE, Eisen SA, Rich MW, Skala JA, Jaffe AS. Spring:35–39.

Body fat, fat distribution, and psychosocial factors among patients with Type 2 diabetes mellitus. Bell RA, John H, Summerson JH, Spangler JG, Konen JC. Fall:138–143.

Breaking bad news 1: Current best advice for clinicians. Girgis A, Sanson-Fisher RW. Summer:53–59.

Breaking bad news 2: What evidence is available to guide clinicians? Walsh RA, Girgis A, Sanson-Fisher RW. Summer: 61–72.

Breaking bad news 3: Encouraging the adoption of best practices. Campbell EM, Sanson-Fisher RW. Summer:73–80.

Comparing mind–body wellness interventions for older adults with chronic illness: Classroom versus home instruction. Rybarczyk B, DeMarco G, DeLaCruz M, Lapidos S. Winter:181–190.

Coping and appraisal of daily stressors predict heart rate and blood pressure levels in young women. Fontana A, McLaughlin M. Spring:5–16.

Coping with pain produced by physical activity in persons with chronic low back pain: Immediate assessment following a specific pain event. McCracken LM, Goetsch VL, Semenchuk EM. Spring: 29–34.

Disability in older adults 1: Prevalence, causes, and consequences. Ostir GV, Carlson JE, Black SA, Rudkin L, Goodwin JS, Markides KS. Winter:147–156.

Disability in older adults 2: Physical activity as prevention. Carlson JE, Ostir GV, Black SA, Markides KS, Rudkin L, Goodwin JS. Winter:157–170.

Disability in older adults 3: Policy implications. Chiriboga DA, Ottenbacher K, Haber WA. Winter:171–180.

Glycated hemoglobin as a physiological measure of stress and its relation to some psychological stress indicators. Schuck P. Summer:89–94.

How daughters of women with breast cancer cope with the threat of the illness. Gilbar O, Borovik R. Fall:115–121.

Is there a connection between car accidents, near accidents, and Type A drivers? Karlberg L, Undén A-L, Elofsson S, Krakau I. Fall:99–106.

Late neurocognitive changes from neurological damage following coronary bypass surgery. Weinstein CS, Woodard WJ, DeSilva RA. Fall:131–137.

LEIPAD, an internationally applicable indstrument to assess quality of life in the elderly. De Leo D, Diekstra RFW, Lonnqvist J, Trabucci M, Cleiren MHPD, Frisoni GB, Dello Buono M, Haltunen A, Zucchetto M, Rozzini R, Grigoletto F, Sampaio-Faria J. Spring:17–26.

Mind machines: A controlled study on the effects of electromagnetic and optic-acoustic stimulation on general well-being, electrodermal activity, and exceptional psychological experiences. Walach H, Käseberg E. Fall:107–114.

Patients' preferences for participation in clinical decision making: A review of published surveys. Benbassat J, Pilpel D, Tidhar M. Summer:81–88.

Religion and hypertension: Testing alternative explanations among immigrants. Walsh A. Fall:122–130.

Self-reported coping behavior in health and disease: Assessment with a card sort game. Schwartz CE, Peng C-K, Lester N, Daltroy LH, Goldberger AL. Spring 41–44 Correction: Summer:88.

Thanks to Our Ad Hoc Reviewers

From time to time, the editors of *Behavioral Medicine* call upon experts who are not regular members of our editorial board to review manuscripts submitted to the journal. The following persons are among those who have graciously helped us with their editorial evaluations during the past year. We deeply appreciate their assistance in maintaining the high quality of the articles we publish.

Sandra Black, PhD
Division of Geriatrics
University of Texas Medical Branch
Galveston

Cindy Carmack, PhD
University of Texas
MD Anderson Cancer Center
Houston

Lorenzo Cohen, PhD
University of Texas
MD Anderson Cancer Center
Houston

V. Diane Garrett, PhD
Behavioral Science Consultants
Baton Rouge, LA

John C. Higginbotham, PhD
University of Mississippi Medical School
Jackson

Regina P. Lederman, PhD
University of Texas Medical Branch
Galveston

Jennifer McClure, PhD
University of Texas
MD Anderson Cancer Center
